## A Report to Investors

The 90th Anniversary Development Program reached \$1,524,741.72 in cash and pledges as it came to a close on June 30. Launched in 1967, this major development thrust had as its goal the underwriting of the cost of the Kline Campus Center, Moomaw Hall of Home Economics, the new front for Cole Hall and related remodeling in Rebecca Hall.

These projects are now completed, even though their cost in the period of inflation exceeded original projections. These campus additions and improvements have served to benefit significantly the entire campus community.

A challenge goal of \$1,400,000 was established by the Board of Trustees in the fall of 1970 in order to bring the Riverside Field Renovation Program and the Cole Hall Organ Fund into this development program. Approximately \$50,000 of a needed \$85,000 is now on hand in cash and pledges for the renovation of Riverside Field. The athletic field project includes leveling, grading, the installation of a drainage and irrigation system, a properly crowned football field, an all-weather track, all enclosed by a new fence for the protection of these fine new facilities.

Also during the year, a good start was made on the Cole Hall Organ Fund, and a total of \$22,841.40 was brought together in cash and pledges for this purpose as of July 1.

Alumni, friends, businesses, corporations and foundations participated in the 90th Anniversary Fund, putting it over the top of the originally projected goal by a quarter of a million dollars. Special gifts came from Mr. and Mrs. Wilmer M. Kline and other members of the Kline family, Mr. and Mrs. Benjamin O. Wakeman and from Dr. and Mrs. Alvin E. Conner.

During this same period, Bridgewater has made significant progress in several other areas. This fall the new academic calendar is in effect, allowing students to take fewer courses during three ten-week terms, and to concentrate on them more

intensively. A three-week interterm will be given to the exclusive study of one course, with many choices available, both on and off campus, for meaningful and broadening experiences. Departmental offerings have been expanded to include a major in Art, new courses on current topics, and some inter-departmental team-taught courses, as well as several programmed study courses using the computer, begun as a research project under a grant from the Department of Health, Education and Welfare.

During this period the sabbatical leave program, offering opportunity for the growth and development of faculty members, was initiated, and additional benefits were provided by broader disability insurance coverage.

The self-study, required every ten years of all colleges accredited by the Southern Association of Schools and Colleges, was completed during the 1969-70 college year. Faculty, staff, trustees, students and alumni were involved in the self-study.

A total of 300 freshmen are on campus for the fall term, which is the largest number in Bridgewater's history. There is also an increase in the total enrollment.

With the opening of the Kline Campus Center, a student program centering in and around the Executive Program Council (EPC) was launched. This group of committees provides for students to plan various aspects of the campus social life, including special events, hospitality and service, recreation and cultural affairs.

New facilities and improvements made possible through contributions to the 90th Anniversary Fund have helped considerably to strengthen departmental and co-curricular offerings, and to assist Bridgewater in meeting the challenges of the decade of the Seventies.

Director of Development

The Club members listed on these pages, through their leadership and support, are helping to insure that the College can continue to play a vital role in private higher education. Two years ago the Board of Trustees authorized the establishment of three associations: The Benefactors Club, the Investors Club, and the Sustainers Club. In appreciation for the loyal support given by these patrons, they are given complimentary admission to all athletic events held on the Bridgewater campus, are invited to attend the Founder's Day Dinner, held annually near April 1, and have their names listed in the Annual Report.

### The Benefactors Club

The Benefactors Club is named in honor of all those alumni and friends who have provided major financial undergirding of Bridgewater College during the 91 years since its founding. It is comprised of persons whose dedication to the cause of independent higher education motivates them to give \$1,000 or more during the year. Its members receive an invitation to a special President's Dinner held at Homecoming.

The churches in the districts of the Southeast, Church of the Brethren, contributed \$47,270.00 to the operating fund budget of the College during the 1970-71 academic year. This total represents almost \$5,000 more than the previous year's total of \$42,484.16. In addition, \$1,550 was contributed to the 90th Anniversary Fund, and \$3,075 was given in grants to individual students. The continuous support of the churches is genuinely needed and greatly appreciated. Congregations contributing to current operations for the past fiscal year are listed below.
